

Response to the European Commission's public consultation document (Possible revision of the Tobacco Products Directive 2001/37/EC)

CLOSING DATE, 17 DECEMBER 2010

- I oppose a ban on the display of tobacco products in retail stores
- I oppose plain packaging and the prohibition of branding logos or colours on tobacco products
- I oppose the enlargement of picture warnings on packs
- I oppose a ban on tobacco vending machines
- I oppose a ban on all types of smokeless tobacco products
- I support measures to educate children and adults about the health risks of smoking but I oppose unnecessarily restrictive regulations that are designed to denormalise a legal product and will threaten jobs and small businesses and inconvenience millions of law-abiding consumers.

In accordance with the consultation document, I wish to select the following responses:

- Section 2 (Smokeless Tobacco Products)
Option 2: lifting the ban on snus
- Section 3 (Consumer Information)
Option 1: no change
- Section 6 (Access to Tobacco Products)
Option 1: no change
